To Whom It May Concern:

Mr. Calvin Ebbert has worked directly under my supervision for the past 3 months for his Pittsburgh Technical College Graphic Design internship. During that time, Calvin was a self-starter and a productive contributor to the Marketing Department's efforts. Throughout his internship, Calvin shouldered multiple responsibilities and demonstrated a great work ethic and steady productivity.

In addition to having a high degree of integrity and a delightful personality, he is one of those rare individuals who can both follow instructions and take initiative, as appropriate. He is strong in time management and his competence extends beyond the skills for which he was originally hired.

I will indeed be sorry to lose Calvin as a Digital Design Intern as he completes his degree this summer. I have no hesitation in advising an organization to consider Calvin for any Graphic Design position.

Sincerely,

Kelley Reed  
Marketing Strategist, Rivers Agile
